- Boiled eggs with soldiers
  
- Bacon and banana sandwich
  
- Dippers honey buns
  
- Coffee, Tea, Freshly squeezed orange juice

The sausages and bacon on our menu are from rare breed pigs which are reared in Uploders and we hand make the sausages ourselves.

The eggs are from our own chickens which range the bottom of the garden by the river.

The honey is produced by our bees which also live at the bottom of the garden and in the paddock over the river.

In season, tomatoes are grown in the greenhouse
